## **EXPLORATORY COURSES**

Students will get to explore options from “Arts Education” and “Applied Design, Skills, and Technologies” (ADST).

### **ARTS EDUCATION**

#### **ART 7**

The Arts Education curriculum strives to encourage students' artful habits of mind through engaged arts learning with a focus on creative and artistic processes. The Arts Education curriculum promotes the arts as a means of self-expression and creativity.

#### **DRAMA 7**

This course offers the unique opportunity to experience drama games and performances. Students will be encouraged to participate as actors. Throughout the course, a variety of different creative processes, as well as speaking and performing skills, will be explored.

#### **BAND 7**

This course covers a combination of concert band and jazz band repertoires. Students will participate in both musical styles, as well as festivals and performances that are applied to both bands.

\*Percussion, guitar, bass guitar and keyboard are required to take private lessons.

### **APPLIED DESIGN, SKILLS & TECHNOLOGIES**

#### **DIGITAL MEDIA & INFORMATION 7**

This course focuses on the constantly changing digital world and the role that we all play in it. During the course, students will be exploring various digital tools, reflecting on the impacts of new technology, and learning how to stay safe online.

#### **TECHNOLOGY EXPLORATION 7**

This course will focus on exploring various technology and design, engineering and electronics through many activities. Expect to apply your critical and creative thinking skills and teamwork skills all while completing inquiry-based projects.
